

## **Welcome Back to Cloister's Flooring America**

We can't wait see you! We welcome your business and want you to rest assured that we are following the CDC guidelines to provide you with a clean and safe experience in our showroom.

Prefer to stay at home? We understand! Contact us at **717.733.3130** or **sales@cloisterflooring.com** and we will be happy to schedule a phone call or even FaceTime chat to discuss your project.

Let's work together, each of us doing our part, to be safe during this time.

### **When Visiting Our Showrooms:**

- We ask that you wear your own mask or one we have provided.
- Please use a modest amount of hand sanitizer or wash your hands as needed.
- We will follow social distancing guidelines in our store.
- We would love to shake your hand but let's refrain for everyone's safety.

### **What You Can Expect From Our Staff:**

- Each day our employees fill out a health screening form and document temperature.
- Employees have facemasks and other PPE where appropriate.
- Employees are asked to stay home if they appear sick.
- We have increased cleaning of frequently touched areas.

We look forward to working with you on your project! Please be safe, stay healthy, and we will get through this together.

Sincerely,

Marcus & Joan Kline
